

CLINICAL PLACEMENT PROGRAM IN CANCER SURVIVORSHIP

Enhance your ability to care for people living with
and beyond cancer

Primary care professionals (PCPs) including GPs, Practice Nurses & community-based Allied Health professionals are invited to apply for a **free** clinical placement opportunity at oncology specialist clinics across Victoria to improve their skills and knowledge in cancer survivorship care.

PROGRAM BENEFITS

- Improved communication between hospital & primary care sectors
- Improved knowledge & confidence for PCPs caring for cancer survivors
- Opportunity to enhance clinical relationships
- Opportunity to collaborate on shared care models
- Improved patient care outcomes

INCLUDES

- Attendance at 2-3 specialist clinics and 1 multidisciplinary team meeting at up to two (of 8 Victorian host sites)
- Face-to-face workshops (optional)
